# STUDENT EXCHANGE VISA (SEV)

Exchange students have the possibility to process a STUDENT EXCHANGE VISA through our International Office. This visa is granted by a **General Peruvian Consulate** of the city chosen by the student and it has an estimated cost of USD\$ 25.

The SEV process is composed of 2 steps:

1. Our International Office will gather the required documents needed to start a SEV request. As soon as the documents have been received, USIL will proceed to submit an official letter to our Ministry of Foreign Affairs. The Ministry of Foreign Affairs will determine whether the student's petition is approved or denied. Depending on the outcome, the International office will proceed accordingly.
2. In case the SEV request is approved, our staff will contact the student to let him know about the next steps to take. The student will need to schedule an appointment in the General Peruvian Consulate of his/her choice in order to get the SEV. During this process, Consulate officers might ask the student to provide some additional documents such as: passport photos, national ID, USIL acceptance letter, etc.

USIL International Staff will require the following documents and information at least one month prior to departure:

- + Copy of passport
- + Copy of airline ticket with arrival and departure dates to/from Peru.
- + International Health Insurance (Spanish/English)
- + Declaration of Financial Support (this document will be provided by USIL)
- + The city of the General Peruvian Consulate chosen by student.

Although our international students are allowed to choose the way they would like to enter the country (Student Exchange Visa or Tourist permit). We strongly recommend them to request a SEV prior to arrival to Peru. **If the student would like to come under a different migratory condition, please contact our International Office in order to receive further assistance.**
